SŌFI™
HOW IT WORKS

SōFi™ is a cloud based, intuitive and user-friendly "Turn-Key" SaaS solution which enables companies and organizations to immediately analyze masses of CVs by:

- Evaluating the professional match of the candidate to the position, and;

- Filtering the candidates which do not meet the pre determined technical requirements for the position, and;

- Sorting the most attractive candidates by their professional compatibility score, and;

- Suggesting the management reorganization of current employees to other open positions for maximum workforce efficiency.

SŌFI™ INTUITIVE TECHNOLOGY

- **No Integration Time**

- **Easy-To-Use Tool**

- **Based On AI And ML which learn user preferences**

- **Push of a Button Provides:**

- Statistics

- Analytics

- HR Measurement Functions
